ELMEGA

Cookies policy (www.elmega.com)

At ELMEGA, S.L., we use cookies or other similar functionality files (hereinafter referred to as "cookies") to provide you with better service and an enhanced browsing experience. ELMEGA, S.L. is responsible for the cookies and the processing of data obtained through them, whether they are our own or those of third parties, deciding on the purpose, content, and use of the information collected.

The aim of this policy is to inform you clearly and in detail about what a cookie is, its purpose, the types of cookies we use, and how to configure or, if necessary, disable them.

¿WHAT ARE COOKIES?

A cookie is a file that is downloaded to your computer when you access certain web pages. Cookies allow a web page, among other things, to store and retrieve information about a user's or device's browsing habits and, depending on the information they contain and how your device is used, they can be utilised to recognise the user.

A cookie is a small text file that is stored in your browser when you visit our website and saves information about your browsing activity to make the user experience more efficient. Some cookies are essential for the proper functioning of web pages, such as technical cookies or user interface customisation cookies, whereas others, such as analytics cookies or behavioural advertising cookies, require us to inform you and obtain your consent for their use.

Below, in order to provide you with fully informed consent, we detail what each type of cookie consists of and what their purpose is.

Technical cookies are those that allow the user to navigate through a web page, platform, or application and utilise the different options or services available on it, including the management and operation of the website and enabling its functions and services, such as identifying the session, accessing restricted areas, remembering the items in an order, carrying out the purchasing process of an order, managing payment, etc. The website cannot function properly without these cookies, which is why they are considered necessary.

Preference or customisation cookies allow the website to remember information that changes the way the site behaves or looks so that the user can access the service with certain characteristics that can differentiate their experience from that of other users, such as language, the number of results to display when the user performs a search, or the region in which the user is located. If the user themselves chooses these characteristics, for example, by selecting the language flag, it is considered an expressly requested service, provided that the cookies are exclusively for the selected customisation purpose.

ELMEGA

Analytics or measurement cookies are those that allow us to understand how visitors interact with web pages, enabling statistical analysis of the usage made by users of the website's services. The information collected is used to measure the activity of websites or applications in order to introduce improvements to the products and services offered by the responsible party.

Marketing or behavioural advertising cookies store information on users' behaviour obtained through the continuous observation of their browsing habits, allowing for the development of a specific profile to display relevant and attractive advertisements to the individual user, and therefore, more valuable to third-party advertisers.

¿WHAT DOES THIS WEBSITE USE COOKIES FOR AND WHICK ONES ARE THEY?

The details of the cookies used on this website are as follows:

COOKIES	TYPE	PURPOSE	DURATION
elmega_session	Technical	Generated by the application server when it creates a user session on the web.	2 hours
XSRF-TOKEN	Technical	Prevent request forgery attacks.	1 day
elmega_session_cookies	Customisation	Cookie for the acceptance of the cookie policy.	1 year

For analytics and advertising cookies, we require your consent, which we can obtain if you click the "Accept" button in the information message displayed when accessing our website.

If you disable cookies, you can still access the website, but browsing may not be optimal, and some of the services offered may not function correctly.

If in the future ELMEGA, S.L. were to use types of cookies different from those covered in this Cookie Policy to provide new services or if it were necessary to adapt it to new legislative requirements, we will notify you.

¿HOW TO DISABLE OR DELETE COOKIES?

Please note that if you accept third-party cookies, you will need to delete them from your browser options or from the system provided by the third party itself. You can allow, block, or delete cookies installed on your computer by configuring the options of the browser installed on your computer.

- Microsoft Internet Explorer: Tools menu > Internet Options > Privacy > Settings.

- Firefox: Tools menu > Options > Privacy > Cookies.

- Chrome: Settings menu > Advanced > Privacy.

- Safari: Preferences/Privacy menu.

- Safari for iOS (iPhone and iPad): Settings > Safari.

- Chrome for Android: Settings > Site Settings > Cookies.

- Other browsers: Consult the documentation of the browser you have installed.

DATA TRANSFERS TO THIRD COUNTRIES

You can find out about transfers to third countries that, where applicable, the third parties identified in this cookie policy make in their respective policies (see the links provided in the "Third-party cookies" section).

PROFILING

No type of "profile" will be created based on the information provided, nor will automated decisions be made based on profiles.

RIGHTS OF THE DATA SUBJECTS

You can obtain more information about the processing of personal data and how to exercise your rights by consulting our **Legal Notice**.
